RELATED SERVICES AGREEMENT

The self-contained class that your child will attend is the result of a unique arrangement between **(school name)** and Zareinu and is designed to meet the diverse needs of all the children in the class. In order to do so, health care professionals may need to be involved in your child's individualized educational program. Therefore, maintaining your child's place in the program is provisional upon your agreement and adherence to the following obligations.

- 1) If your child is already under the care of a psychologist, or clinical social worker, and is in need of any type of behavior modification program or any comparable interventions, the professional will work with our staff to design and monitor this program for as long as it is required.
- 2) If our professional staff finds it necessary for your child to be further evaluated and treated by a health care professional, I agree to have him/her evaluated and to abide by the recommendations of the professional.
- 3) Zareinu's admission policies are governed by its educational committee which is comprised of the Principals of the participating schools as well as the Zareinu Program and Educational Directors. This committee maintains the right to remove any student from the program at any time should they feel that his/her placement is inappropriate. Furthermore, the committee maintains the right to remove any student at any time from the program should they feel that the student's continued attendance is not in the best interest of the other students in the class or the school. In either case, all efforts will be made to facilitate other placements and options.
- 4) **Your child's district IEP for the current school year must be submitted to the Zareinu office. The application process will not be considered complete without the district IEP.**
